

The World's Largest Swimming Lesson™

Did you know that participation in formal swimming lessons can reduce the risk of drowning among children ages 1-4 by up to 88%? Learning to swim is a life-saving skill that every person should learn no matter their age. Help us put an end to drowning, the leading cause of accidental death for kids ages 1-14 worldwide, by spreading the word *Swimming Lessons Save Lives™*.

JOIN US FOR THE 10TH ANNIVERSARY WORLD'S LARGEST SWIMMING LESSON™ THURSDAY, JUNE 20, 2019
